Communicate with students, teachers, and parents, share real-time information.

INDUSTRY AND MANUFACTURING:
Spread information across companies and organizations, communicate top-down, report and assign errors.

LEARN MORE

ALL OUR SOLUTIONS ARE BUILT ON THREE PILLARS:

TRUST

Privacy comes first – we keep your conversations truly private and secure.

- ✓ End-to-end encrypted messaging, calls, and file exchange
- ✓ No phone number or email address required
- ✓ Free of ads and tracking mechanisms
- ✓ Minimal metadata, maximum confidentiality

TRANSPARENCY

We promise security and also prove it.

- ✓ Fully open source
- ✓ Independently verified through regular external audits
- ✓ GDPR-compliant and hosted in ISO 27001–certified Swiss data centers
- ✓ Strict data minimization

TECHNOLOGY

Threema combines modern, powerful, and versatile technology for all needs.

- ✓ Native apps for Android, iOS, and the desktop
- ✓ Comprehensive APIs and seamless integration (Active Directory, MDM, etc.)
- ✓ Reliable, cross-platform communication

Developed and hosted in Switzerland ✚
